

Happy 4th of July!

Spring was just an "extended winter" in Western South Dakota this year ... cold and enough rain (even a very late snow) to officially break the drought we've been experiencing the past 7 years. But summer has finally arrived, and so I've decided to play a little "newsletter hooky" this month and get outside and enjoy the weather. QLaser Solutions will be back in August.

In The Meantime, My Slothfulness Means You Save!

Existing QLaser Solutions clients may return this card anytime before August 1st, 2009 and receive a 10% discount off any QLaser or QLaser educational item!

This is a great opportunity to add an **Enhancer Probe** to your Q1000 ...

... or to get all of Dr. Lytle's educational materials.

... or to get that high school senior who will be going to college this fall his or her own **Q10** or **Q1000**.

Just don't forget while you're enjoying the lazy days of summer that this offer expires August 1st ... so get this card back to me with your order before then.

Enjoy your summer!
if you have questions.
